

# Hazards on the Homefront

Come to a **FREE** training workshop for 4th-12th grade teachers!

**Thursday, June 24th, 2004**

8:00am - 4:00pm

South Wastewater Treatment Plant,  
Renton  
OR

**Tuesday, August 17th, 2004**

8:00am - 4:00pm

Kohlwey Education Center, Renton

**Wednesday, August 18th, 2004**

9:00am - 12:00pm

Optional tour of South Wastewater  
Treatment Plant, Renton

*Real life environmental topics that teach  
science, reading and writing EALRs*

- Learn about safer alternatives to hazardous household products and how to teach your students to improve their health, safety, and environment.
- Receive ready-to-use lesson plans that are easy to integrate into existing curriculum.

**Workshop Format:** The workshop is scheduled from 8:00am until 4:00pm. The June 24th workshop will include a guided tour of the South Wastewater Treatment Plant. (See reverse for more details.) The August 17th workshop will incorporate more time for curriculum planning with the tour of the treatment plant offered on the following day. August 18th attendance is a requirement for teachers receiving college credit; those staying for the additional day may also sign up for additional clock hours.

## *This free workshop includes:*

- Stipend for certified King County teachers on completion of workshop objectives
- Free *Hazards on the Homefront Teacher's Guide* & Green Cleaning Kit
- Refreshments
- Clock hours and college credit (available for a fee)
- Expert guest speakers from the WA Toxics Coalition and King County's Department of Natural Resources

Free resources are available for teachers who complete the workshop!

*Register by mail, phone, or fax to: (please expect a written/email confirmation)*

☐ I am interested in receiving credit (must attend August 17th - 18th workshop)

☐ Sign me up for the optional tour of the Wastewater Treatment Plant (August 18th tour from 9:00am - 12:00pm)

June 24, 2004

August 17, 2004

The pace was good, the presenters knew their subject and were enthusiastic and articulate. I hope more people will become aware of the hazards in our homes.  
— Teacher

This was a great workshop—one that was well worth the time. The materials given to teachers are relevant and can be used even with modifications.  
— High School Biology/Chemistry Teacher

Lots of helpful ideas, things I never thought of...the ways to make this relevant to kids. I was surprised how inexpensively these lessons can be done. I liked all the references.  
— 7-8 Earth Science Teacher

For more information about how teachers throughout the County have integrated this topic into their curriculum visit:  
<http://dnr.metrokc.gov/swd/SCHOOLPR/hhw/Examples.htm>

King County's South Wastewater Treatment Plant in Renton is responsible for treating over 115 million gallons of wastewater each day from Puget Sound region homes, businesses and industries. Workshop participants will have the opportunity to take a guided tour of this 95-acre facility and see firsthand the connection of Household Hazardous Waste (HHW) to our everyday lives as well as explore field trip opportunities.
